§ 21.214

§ 21.212 General policy in furnishing supplies during periods of rehabilitation.

(a) *Furnishing necessary supplies during a period of rehabilitation services.* A veteran will be furnished supplies that are necessary for a program of rehabilitation services. For example, a veteran training in a school will be furnished the supplies needed to pursue the school course. If additional supplies are subsequently needed to secure employment, they will be furnished during the period of employment services as provided in § 21.214(d).

(b) *Determining supplies needed during a period of rehabilitation.* Subject to the provisions of §§ 21.210 through 21.222, VA will authorize only those supplies which are required:

(1) To be used by similarly circumstanced non-disabled persons in the same training or employment situation;

(2) To mitigate or compensate for the effects of the veteran's disability while he or she is being evaluated, trained or assisted in gaining employment; or

(3) To allow the veteran to function more independently and thereby lessen his or her dependence on others for assistance.

(c) *When supplies may be authorized.* Supplies should generally be authorized subsequent to the date of enrollment in training or beginning date of other rehabilitation services unless there are compelling reasons to authorize them earlier. Supplies may not be authorized earlier than the date the veteran's rehabilitation plan is approved by VA and the veteran is accepted by the facility or individual providing services.

(d) *Supplies needed, but not specifically required.* VA may determine that an item, such as a calculator, while not required by the school for the pursuit of a particular school subject, is nevertheless necessary for the veteran to successfully pursue his or her program under the provisions of § 21.156 pertaining to incidental goods and services. The item may be authorized if:

(1) It is generally owned and used by students pursuing the course; and

(2) Students who do not have the item would be placed at a distinct disadvantage in pursuing the course.

(e) *Supplies for special projects and theses.* The amount of supplies that VA may authorize for special projects, including theses, may not exceed the amount generally needed by similarly circumstanced nonveterans in meeting course or thesis requirements.

(Authority: 38 U.S.C. 3104(a))

(f) *Responsibility for authorization of supplies.* The case manager is responsible for the authorization of supplies, subject to requirements for prior approval contained in § 21.258 and other instructions governing payment of program charges.

(Authority: 38 U.S.C. 3106(e))

§ 21.214 Furnishing supplies for special programs.

(a) *General.* A veteran pursuing one of the following types of vocational rehabilitation programs is eligible for any types of supplies listed in § 21.212. The following paragraphs clarify the applicability of the general provisions of § 21.212 to these special situations.

(b) *Supplies furnished to veterans pursuing training in the home.* VA may furnish to veterans training in the home:

(1) Books, tools, and supplies which schools or training establishments that train individuals outside the home for the objective the veteran is pursuing at home ordinarily require all students and trainees to personally possess;

(2) Supplies and equipment which are essential to the prescribed course of training because the veteran is pursuing the course at home. Equipment in this category consists of items which ordinarily are not required by a school or training establishment;

(3) Special equipment, such as a vise or drafting table;

(4) Supplies needed to enable the veteran to function more independently in his or her home and community.

(Authority: 38 U.S.C. 3104(a))

(c) *Supplies furnished to a veteran in farm cooperative training.* The books and related training supplies which VA may furnish a veteran in farm cooperative training depend upon the type of instruction he or she is receiving:
